For Clothing Shoes, Underwear and Winter Apparel.

SHIELD BRAND CLOTHING

Every suit of "Shield Brand" Clothing bears two "Shield" labels. These labels represent an ironclad guarantee that you are receiving full measure of value.

This method of distinguishing "Shield Brand" Clothing from inferior grades, eliminates possibility of deception or juggling of prices.

There are only seven prices on "Shield Brand" suits within the range of \$10 the lowest, \$20 the highest.

One of the "Shield" price cards with the word "guaranteed" at the top, is attached to the coat sleeve, also a "Shield" label will be found inside the collar. These labels identify the superior quality displayed in "Shield Brand" Clothing, from inferior grades.

GUARANTEED

This is the label that is sewed to inside of coat collar at all times.

MEN'S SUITS, \$10.00 to \$20.00.

SHOES

"Shield Brand" knee pant suits are sold at seven prices; \$3 the lowest, \$6 the highest. These garments are also protected by the same guarantee represented in the "Shield."

GUARANTEED

This is the label that is sewed to inside of the coat collar at all times. All genuine "Shield Brand" garments, either men's, youths' or boys' are so marked.

Dilly, of Lebanon Junction master of trains, was here Friday.—Tom Berry left Sunday to take charge of an extra gang near Cynthiana.—Mrs. Alex. J. A. Sullivan, of Richmond. He is one of the brainiest men in Kentucky, and has given Kentucky the best school law we have ever had. We need him in congress and every Democrat should cast their vote for him. He will make the 8th the best congressman we have ever had there. Why not cast your vote for him and you will never regret it. We know whereof we speak. He has always accomplished his undertakings. We have seen him tried in the legislature and go one has ever had cause to regret that they voted for him. Now we leave it to you Mr. Voter and if you think right you will cast your vote for him.—F. L. Thompson was in Livingston Monday. F. L., is a fine salesman.—Ed Woodall, the bustling drummer, went to Corbin Monday.—L. M. Westerfield is still on the sick list.—Roy Magruder left for a weeks visit with home folks at Lebanon Junction Monday.—Sheriff Nicely was in town Monday.—Rice Walton was at home from Mt. day. She got to near the grate and her clothes caught fire and in trying to put out the fire burned her hands very badly.—The Level Green scribe wanted to know who the Livingston correspondent is. Will say for their benefit that he was reared in and around old Level Green and passed his boyhood days there, went to school to Prof. J. N. Brown thirteen years ago and attended school with the Gentry's, Brown's, Thomas', Deboard's, Mullin's and Lawrence's when there were thirty-one teachers in school there, so if you can't guess who he is, will give you his initials, which are, W. Delph still improves and is able to come to town.—Next Sunday the pay car comes and there will be smiles in town.—W. M. Hicks has taken exceptions at what I said about the widow's and widower's, he said the number would be greatly reduced if they were in the same notion as himself. So any of you widows who want to marry call on or address W. M. Hicks.—What has become of the Spiro correspondent? Say, Miss Mattie give us the news from that part.—Well, I guess the petition is about to start to try and put the corporation out of business for there have been men asked if they would sign it. To tell the truth about the matter there has been a dissatisfaction ever since the election, but this is not business, if we get beat in our undertaking in a thing like this let's say let the majority rule this is fair and right. Now let's go to business and let well enough alone. While elections have gone contrary to our wishes and some republicans flip into office in the place of our choice but if he gets the votes I want him to have the place. So I think this trying to cause dissatisfaction in our town

is carrying the thing a little too far, and we believe there are enough voters in town who want protection that this will go to the wall. It takes a two-thirds majority and this cannot be got. So let's drop this squabbling and all will be well.

\$100 REWARD. \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. CHERNEY & CO., Toledo, Ohio. Sold by all druggists, 75c. Take Hall's family pills for constipation.

ROOSEVELT MAY SEEK POLE

Portland, Me. Feb. 14.—That former President Roosevelt may lead the Antarctic expedition to be sent from the United States was the statement made today by Prof. Donald B. McMillan the scientific member of Commander Peary's successful North Pole party.

THE BEST HOUR OF LIFE is when you do some great deed or discover some wonderful fact. This hour came to J. R. Pitt, of Rocky Mt., N. C., when he was suffering intensely, as he says, "from the worst cold I ever had, I then proved to my great satisfaction, what a wonderful cold and cough cure Dr. King's New Discovery is. For after taking one bottle, I was entirely cured. You can't say anything too good of a medicine like that." Its the surest and best remedy for diseased lungs, hemorrhages, la grippe, asthma, hay fever, any throat or lung trouble, 50c., \$1.00. Trial bottle free. Guaranteed by Chas. C. Davis.

The explorer seemed to be in perfect health but disgusted at being met by the representatives of the newspapers. He said they wanted to be left in peace to do his duty. He declined absolutely to be interviewed except Miss Lillie Shroder, emergency.

STRONG APPEAL FOR IMPROVEMENTS.

EDITOR OF MT. VERNON SIGNAL:—

We are very much pleased to know that the people of this county are agitating the questions of good roads and better schools. It is a long, long time since the greatest teacher of men asked the question: "Am I my brother's keeper?" with a reply: "No man liveth unto himself." Parents and teachers are awakening to the fact that there is never a physical ailment, never a mental defect, never a social evil that threatens the life of any child in the community that does not threaten the lives of all the children.

It is this awakening and the realization that we do not live unto ourselves and that love abounds for all children that has given rise to the associations of mothers and teachers and all over the country Mother's Clubs are now considered necessities.

We are all agreed that the home is the substructure of national life and that school life is but the broadening of home life—the second step in the preparation for citizenship. For many years there has been a tendency to transfer the education of children more and more from the home to the school. At the tender age of four the child in the larger cities now enters the kindergarten. The qualification of the teacher, the growth of the child and the obligation of the mother recall to her that it is still her privilege and her duty to see that not only her children but that all the children are provided with good schools and made fit to attend them; that they be kept from vicious influences and protected by adequate child labor legislation. The consciousness that no child can serve two masters draws parent and teacher together and convinced that their aims are the same, they are organized for labor with and for the child.

In the largest cities joint committees of parents and teachers, whose duty it is to co-operate with the police, see that dance halls, billiard rooms and picture theatres are intelligently and carefully controlled. They are made for athletic play, not for gambling. The women of Mr. and Mrs. Shroder's school contracted in the recent campaign in the Second congressional district.

of children and the needs of youth are realizing the necessity of conspicuous attention to the children.

One day a young woman went fourth from a school building in the heart of the tenement-house region, in the lower East Side of New York. As she picked her way slowly through the crowded street it was evident that she was a person well beloved, for even the men with the push carts made way for her and the faces of the children were glad. Presently a woman stepped to her side and walked with her. Laying a respectful hand on the teacher's arm, she said: "I cannot help seeing how these children love you. They are in your school. They are such a help to me at home. Sometimes Benny he says he won't. Then he quickly stops and says, 'All right, mama. Miss K. says it is right I should obey.' Do you know, lady, that when you stand on the platform in the school, and you say something, it is just like when God speaks."

The mother must visit the schools; the parents must take an interest. They should not go as a hostile critic, but as learners. They are volunteer officers and as such they can render the most effective service by helping the officer in charge. Their attitude may be defined for them by that noble woman who has been called Chicago's first citizen, Miss Jane Adams, of Hull House. In a recent article she says: "I am always diffident when I come before a body of professional teachers, realizing as I do that it is very easy for those of us who look on to bring indictments against results."

What Rockcastle has needed for many years is a display of more interest upon the part of the mothers and teachers in the training of the children. The parents should visit the school and encourage both teacher and pupil, provide for them better school buildings and more beautiful grounds.

Most respectfully,
GEORGIA McFERRON.

Len G. Hall, secretary to Congressman A. O. Stanley died at his home at Henderson Saturday from pneumonia, which followed a cold contracted in the recent campaign in the Second congressional district.

Aids Nature

The great success of Dr. Pierce's Golden Medical Discovery in curing weak stomachs, wasted bodies, weak lungs, and obstinate and lingering coughs, is based on the recognition of the fundamental truth that "Golden Medical Discovery" supplies Nature with body-building, tissue-repairing, muscle-making materials, in condensed and concentrated form. With this help Nature supplies the necessary strength to the stomach to digest food, build up the body and thereby throw off lingering obstinate coughs. The "Discovery" re-establishes the digestive and nutritive organs in sound health, purifies and enriches the blood, and nourishes the nerves—in short establishes sound vigorous health.

If your dealer offers something "just as good," it is probably better FOR HIM—it pays better. But you are thinking of the cure not the profit, so there's nothing "just as good" for you. Buy so.

Dr. Pierce's Common Sense Medical Adviser, in Plain English, or, Medicine Simplified, 1008 pages, over 700 illustrations, newly revised up-to-date Edition, paper-bound, sent for 21 one-cent stamps, to cover cost of mailing only. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

KENTUCKY PRESS ASSOCIATION

ANNOUNCEMENTS.

We are authorized to announce HON. HARVEY HELM as a candidate to succeed himself as Representative from the Eighth Congressional District subject to the action of the Democratic party.

This paper, moved by the best interest of Mt. Vernon, is most assuredly opposed to any cows being permitted on the streets. The first step of a progressive and healthy town is the forbidding of stock to run at large. To have cows upon the streets means the accumulation of filth and the spreading of disease. The plain duty of the Trustee is to eliminate such a possibility. The more enlightened and progressive citizens in this community look to the present board for relief, believing that they have both judgement and courage sufficient to carry out the very plain duty.

Well, Messrs. Richards and Salin! Did we hear you say you had sufficient money raised to complete the pike fund? Have we been dreaming or is it a case of bad brand of tangle foot or moonshine? Alas, no report yet, but soon. And we will wager a dollar to a rotten apple when they do report the shouts of applause caused thereby will make Lucy and the kids think the Albright "shack" is sho' falling down.

Our merchants are waking up to the necessity of keeping nice, clean and fresh looking stores, with clean windows and attractive fronts. God speed the day when appearance becomes a matter of the keenest competition, as it is in the larger towns and cities. He who keeps a close eye on his personal appearance and strives to improve the looks of things around him, who is in his store with hat off, clean linen and clean hands, polite to his customers and at no time forgetting the true value of the printers ink, is bound to and will richly succeed.

The columns of this paper are always open, free of charge, for the publication of any sensible and appropriate article on any and all local questions effecting the welfare and growth of our community. They must not be too long, as our space is limited and we reserve the right to reject any article which we think should not appear. It is the desire of this paper that the public take advantage of this opportunity. Of course this does not mean, nor does it apply to advertising matter, death resolutions, notices and the like.

How very delightful it is for the teachers and pupils at the dormitory to wade knee deep in mud each day to college. Won't the Trustees, each winter comes again or the leaves begin to fall, have the fence set back, Jones Street widened and a side walk put down all the way from Main & Williams Streets to Richmond Avenue. The commonest kind of common decency requires this.

To the new firm of McKenzie & McBee we extend our heartiest felicitations and best wishes. May this firm of elegant young gentlemen have an elegant store and correspondingly elegant trade.

If the town purse is not full enough to support allnight lights, then supply us for either the first or second watches thereof. For any old time is better than none.

Now let the County Board of Education get busy; grasp the eagle of industry by the tail and erect a High School building of which our entire citizenship will be justly proud.

"Good morning, Mr. Shuts. How did you enjoy driving over the new pike from Bromo to Mt. Vernon this morning?"

"Very much, thank you, very much indeed. It is such an improvement over the old and I would not have the bad, muddy, rocky road back again for ten times the amount it cost to build the pike."

Moral.—Build another pike.

How does an officer feel to be indicted for failing to do his duty? Go ask the Sheriff, Constable, Marshall, Chief of Police and Mayor over in Kenton county, for they are now facing the stern reality of true bills returned against them by a Grand Jury which has just adjourned at Covington.

CONSERVING THE QUAIL.

Gen. Speaks, state game warden of Ohio, is receiving hundreds of letters asking as how to save the quail from starvation in this old-fashioned winter. The quail is about the most helpless bird we have in Ohio, says the Columbus Journal. Although it winters in this latitude, it hasn't the slightest idea how to take care of itself when the deep snow comes. When the ground is covered and the ready food supply is cut off, these beautiful and useful birds huddle together and wait in miserable motionless flocks for death by freezing or starvation. The only way to save them is to scatter on the ground near their haunts liberal allowances of grain or other suitable food. A few of the bolder or tamer birds will find it and go and tell the others. It is gratifying to learn from the volume of the game warden's mail on this subject that farmers in all parts of the state are keenly interested in the conservation of the quail, whose value to the farmers as an insect destroyer can hardly be estimated.

Mr. Smith was at his sisters when taken sick and grew worse so rapidly that he was never able to be taken to his home, which is only a little over a quarter of a mile distance away. Mr. Smith was born and reared in this county and always made his home here. He leaves a wife and one daughter Miss Ione Smith. Short funeral services were conducted Monday afternoon at the home of Mrs. Miller, by Mr. W. H. Cox, after which the remains were laid to rest in Elmwood cemetery.

At Pine Hill, a few days ago during the heavy snow, a freight took siding, George Durham of Junction City, one of the brakemen began throwing snow balls at Toney Hatcher, of Level Green, this county who was another brakeman. Hatcher pulled his pistol and fired into the ground a few feet from Durham. The ball struck the rail, glanced and struck Durham in the hip, inflicting a very painful and it is feared may prove serious wound. While Hatcher evidently had no intentions of hurting Durham, yet it was a very foolish act on his part, and should prove a lesson to him as well as all other pistol toters.

Jack McKinney, Wednesday shot and fatally wounded George Harper, from the effects of which Harper died yesterday morning at three o'clock. Jack McKinney is a son of Mr. Dave McKinney and a brother-in-law of Harper, the man he killed. Mr. David McKinney owns quite a boundary of land in the southern part of the county and Harper had been living on his father-in-law's, Mr. David McKinney, land and wanted to rent the land for another year, and over this the trouble started. McKinney shot Harper four times with a 38 pistol, but as to further particulars we have been unable to learn, as the trouble occurred in Pulaski county and McKinney was arrested and taken to Somerset. Both men were married and we understand Harper had several children.

Neal Parrett and Fullen Francisco are in Covington as Federal Grand Jurors.

Mt. Vernon Lodge No. 14 (Masonic) is located at Georgetown named for George Washington's home. Ashland Lodge No. 64 is the name of our home institution and was named for the home place of Henry Clay away back in 1847 when the members, including the Dyserts, Williams and other partisans of that noted statesman of the Whig party.

The entertainment at the college chapel this evening should be well patronized, and those who fail to go will miss a rare treat. Miss Shanklin and Mr. Michel are both artists in their line and the entertainment which they will give will deserve a most liberal patronage. Miss Keys, music teacher of the Brown Memorial has gone to considerable expense to have them come here and we certainly hope the people of Mt. Vernon will show their appreciation of her efforts to give them a pleasant evening's entertainment by coming out. Admission only 25 cts.

Our good friend W. M. Owens, the merchant at Burr postoffice, two and half miles south east of this place, has recently made addition to his store rooms to accommodate his increasing trade. For the accommodation of his customers he has arranged to post daily the weather forecast, received by telephone from Louisville via Mt. Vernon telephone exchange. Back in 1902 Mr. Owens put up a little 10 x 12 storehouse on a big flat rock, from the proceeds of the sale of a watch, an old horse, three calves and a few shoats. His stock of goods was so limited that most everyone predicted failure except those who knew of what stuff "Monkey Bill" was made of. Today after seven years of hard work and strict attention to business liberal and straight dealing he has an establishment right up in the front ranks of the leading merchants of Rockcastle.

The Stratford Literary Society of Brown Memorial School gave a very interesting entertainment at College Chapel Wednesday evening. Although on account of rain the audience was not large, but those present felt fully repaid for their trip. The recitations and songs were well rendered. Four young men of the school debated the question, "Resolved that Local Option is preferable to State Wide Prohibition". All speeches were well gotten up and well delivered. The judges, Supt. J. W. Kincer, Miss Nell McFerron and Mr. A. B. Furnish decided in favor of the affirmative after some deliberation.

Next Friday night the 25th, inst. this society will try George Washington for cutting down the cherry tree. This would be given the 22nd inst., Washington's birthday but it comes on Tuesday near middle of week and would interfere too much with their studies, so they postponed it until Friday night the 25th.

TELEPHONE USERS.—Much better service and satisfaction would be had if users would pay more attention to rules and regulations.

Five minutes conversation over toll lines is the limit set and is long enough for general purposes. This means subscribers. If you can't finish your conversation in five minutes, call again later, remember there are others waiting for the line. The telephone people want to treat you right but cannot do so if you and others override and ignore regulations. Remember these things when you use the telephone. A reasonable use of the phone, within town limits, by non-subscribers is not objected to but it must be remembered that its a matter of accommodation extended by the telephone company, not as a right or compulsion. Clerks and others engaged where a subscribers phone is located, should understand its a matter of courtesy extended them, it allowed to call over lines, and not a matter of right etc. Don't call after 9 p.m. except for doctor or case of emergency.

They returned to Brodhead Sunday and are at home to all friends with Mr. and Mrs. J. W. Hutcheson, on Silver street. Better Not Get Dyspepsia

If you can help it. Kodol prevents Dyspepsia, by effectually helping Nature to Relieve Indigestion. But don't trifle with Indigestion.

A great many people who have been afflicted with indigestion, have been sorry for it—when nervous or chronic dyspepsia resulted, and they have not been able to cure it. Use Kodol and prevent having Dyspepsia.

Everyone is subject to indigestion. Stomach derangement follows stomach abuse, just as naturally and just as surely as a sound and healthy stomach results upon the taking of Kodol.

When you experience sourness of stomach, belching of gas and nauseating full, bloated sensation, gnawing pain in the pit of the stomach, heart burn (so-called), diarrhoea, headaches, dullness or chronic tired feeling—you need Kodol. And then the quicker you take Kodol—the better. Eat what you want, let Kodol digest it.

Ordinary peptic "dyspepsia tablets," "physics," etc., are not likely to be of much benefit to you, in digestive ailments. Peptic is only a partial digester—and physics are not digesters at all.

Kodol is a perfect digester. If you could see Kodol digesting every particle of food, of all kinds, in the glass test-tubes in our laboratories, you would know this just as well as we do.

Nature and Kodol will always cure a sick stomach—but in order to be cured, the stomach must rest. That is what Kodol does—rests the stomach, while the stomach gets well. Just as simple as A, B, C.

UNDERTAKER and EMBALMER
Stanford, Ky.

Mt. Vernon, Ky. Feb. 16 1910.

Dear Edgar:—

I have never before appeared in print agitating any question of local interest, but being one of the older ladies, having resided here all my life and having a very great desire to see the town do well, I am moved to say a word about the cows being permitted to run and graze upon our streets.

It produces so much filth and looks so very bad to see such, that I cannot refrain from expressing the hope that the Town Trustees will prevent any kind of stock from running at large in the midst of the town. If our people ever hope to succeed and have a clean, attractive, business-like city, then we must all work together to beautify our community in every way possible. The first necessary step is to prevent stock from being on the streets.

I have faith in the Board of Trustees and believe they will strive to adopt wholesome laws and then enforce them when enacted.

In closing may I humbly pray that our foremost citizens will be more active in pushing along and giving more heed to the needs of the town than heretofore. We have many good men in our midst, but the town so greatly needs more interest shown by them in an endeavor to advance our churches and schools; in promoting the cause of better roads; larger trade and in fact every thing that tends to build up and beautify our beloved town.

With a genuine good wish for the growth, beautification and prosperity of Mt. Vernon, I beg to remain,

A well-wisher of all,
Mrs. D. N. WILLIAMS

TWO OLD-TIME LOVE LETTERS.

In an old book, dated 1820, there is the following very curious love epistle. It affords an admirable play upon words:

"MADAM:—Most worthy of admiration! After long consideration and much meditation on the great reputation you possess in the nation, I have a strong inclination to become your relation. On your approbation of the declaration, I shall make preparation to remove my situation to a more convenient station, to profess my admiration, and if such obligation is worthy of observation and can obtain commendation, it will be an aggrandizement beyond all calculation of the joy and exultation of yours, "SANS DISSIMULATION."

The following is the still more curious answer:

"Sir:—I perused your oration with much deliberation at the great infatuation of your imagination to show such veneration on so slight a foundation. But after examination and much serious contemplation I snuff your ambition was the fruit of recreation or had sprung from ostentation to display your education by an odd enumeration, or rather multiplication, of words of the same termination, though of great variation in each respective signification. Now, without dispute, your laborious application in so tedious an occupation deserves commendation, and thinking imitation a sufficient gratification, I am, with out hesitation, yours,

David R. Francis, of Missouri stated that he was in the race to succeed Senator Warren in the United States Senate, and will make a finish fight for the place.

Minority leader "Champ" Clark and other leaders in Washington do not believe that the President's Lincoln day speech strengthened either the Administration or the Republican party. They stated that the generous applause given the utterance came from those under obligations to the Republicans for favoritism or those who are seeking office under the Administration and that it contained nothing new, convincing or indicative of serious purpose to accomplish needed and promise reforms.

In his speech at the Lincoln day banquet Gov. Hughes, of New York, predicted that President Taft would be nominated and elected President for a second term.
